

Amtrak Vacations Guide to Customizing a Rail Vacation

WHAT DOES IT MEAN TO 'CUSTOMIZE' A RAIL VACATION?

Your clients want freedom and flexibility when it comes to planning a rail vacation. The ability to decide where to go, which routes to take, how long to stay, and options for things to see and do.

HOW AMTRAK VACATIONS MAKES IT EASY

Any Amtrak Vacations itinerary can be customized to fit your clients' independent vacation needs – from rail routing and ticketing to hotels, activities, tours and meals.

Ways to Customize Your Client's Rail Vacation

Start from Any of the 500+ Amtrak Stations

Regardless of where you want to go, you have the option of starting your journey from any of the 500+ Amtrak train stations across the country.

Choose Sleeping Accommodations Onboard the Train

If your journey involves overnight travel on the train, you may wish to upgrade to a Roomette or Bedroom in an Amtrak Sleeping Car for the optimal onboard experience.

Add Extra Nights in a Destination or Add a City Getaway

Choose your preferred length of stay in any of the hundreds of destinations we offer, even for multi-destination trips, for personalization and freedom within any itinerary.

Handpick Your Tours, Activities, Dining, & Accommodations

In your chosen destinations, you have the opportunity to book a variety of options and add-ons like a rental car, sightseeing tours, special attractions, or dining experiences at local, popular restaurants.

Combine Vacation Itineraries or Create Your Own

You may wish to combine two or more itineraries to maximize the sights you'll see, the onboard adventures you'll have, and the memories you'll make. Or even take any of our packages in reverse.

Make it Roundtrip

Any Amtrak Vacations package can be made roundtrip, starting and ending from any Amtrak station across the US, including the one closest to your hometown.

Ready to
Get Started?

Our expert Rail Vacation Specialists are here to help you take care of everything, from securing tickets and routing to all accommodations, tours, activities, meals and more.
